

Vaults and Vault Doors

Hamilton's Class 5 Vault Door is GSA Approved and conforms to Federal Specification AA-D-600. It is approved for use by all federal agencies.

Hamilton also manufactures UL Rated Class 1, 2, & 3 Vault Doors and Modular Vaults used in industries such as financial institutions, security dealers, gem and precious metal brokers, and pharmaceuticals.

Hamilton Products Group manufactures two levels of Class 5 Vault Doors.

The Class 5-V Vault Door is utilized for the storing of classified as well as non-classified materials. The Class 5-V Vault Door provides the following security protection:

- 20 man hours against surreptitious entry
- 30 man minutes against covert entry
- 10 man minutes against forced entry

The Class 5-A Armory Door is utilized for the storing of non-classified materials such as weapons, narcotics, evidence, money and other valuables. The Class 5-A Armory Door provides the following security protection:

- 30 man minutes against covert entry
- 10 man minutes against covert entry
